

Feature Business

We would like to welcome...

Deyab Electric, LLC

(603) 944-8181

to the Lakes Region Area Business Directory.

"Let us turn you on"

Highly recommended in the electrical industry, Bobby Deyab, Master Electrician, who takes pride in his work and strives to be fully prepared for any situation.

Bobby specializes in Residential, Commercial, Industrial, Emergency and Welding Services, that include: Home Renovations, Remodeling, Upgrades, Maintenance, Lighting, Code Violation Repairs and Installations. Deyab Electric is pleased to offer sales and service of GENERAC generators, Green lighting solutions with Compact Fluorescent lighting "CFL" and Light Emitting Diode "LED". He is pleased announce the he offers Parking Lot/ Building lighting retro fits repair and new installations with the addition of his 60 foot working height Bucket Truck, Deyab Electric has become more diverse in it's service offerings. What are your aerial needs?

Also offering indoor generators, which are battery based charged with normal house current, solar panels, a horizontal axis windmill or all three in combination. Costing only pennies to maintain without the need for any fossil fuels. The units can be built into furniture or come in Power cubes of different choices of exterior finishes.

He is proud to be an A+ Accredited Better Business Bureau and Wolfeboro Area Chamber of Commerce member, both, for 3 years and currently. Volunteering his services with the Community Betterment Committee, First Night Wolfeboro Committee as well as other charities and worthy causes which has had many rewards for him.

As an individual, Bobby had volunteered (Dec. 2010) and donated labor and materials to assist in completing an 8 KW generator install for a family in Farmington, NH where a child required in-home medical devices. With this standby generator online now for Leo B. and his family, they will now avoid the dangers and possibility of death caused by power outages. Bobby worked closely with the State of NH Dept. of Human Services to make this possible for one of their 7 families that are in need of standby power.

Please visit www.deyabelectric.info or www.deyabelectric.com for up-to-date info. and follow us on Twitter @deyab_electric. Deyab Electric looks forward to working with you!

In closing, Bobby Deyab has been a big supporter of this directory and has given us quite a few ideas and suggestions to include during the creation process. So, for all his help, we would like to give him some credit and to say thank you for all your support.

Thank You
- LRA Staff
